

# TRAINING

## Level 3 Grounds: Management

### Course description

The key subjects – carrying out a site audit, how to develop an appropriate work programme and budget, the need to communicate findings to senior management, plus more are studied through a progressive one-day GMA Learning course. Delivered by an industry expert, this is a course which explores the needs of the management of a school's grounds and shows how this can be achieved.

---

### Some of the subjects covered on this course

- Undertaking a site audit
- Standards: actual verses expectations
- Creating a 12-month work programme
- Effective management: resource profile
- Budgets and their effect on a work programme
- Effective communications with senior management

### Is this training day suitable for me?

Consider the wider picture of what is needed to manage a ground – including amenity and sports surfaces as well as ornamental plantings. Being able to create a formal plan which clearly identifies the requirements, resources and budget, is an essential part of helping senior management make well-informed decisions regarding grounds management.

### What can I do after this course?

Enhance your learning with our GMA Level 3 Technical Diploma in Turf Surface Management – or GMA Level 3 Supervisory Management. These are formal qualifications in different aspects of turf management and no practical work is involved.

### Benefits

You will become part of the growing network of sports turf experts and volunteers. You will gain valuable and applicable skills, as well as practical experience.

You will enjoy a fun, informative and productive course – with delivery from an excellent and knowledgeable expert.

### Course details

- **Cost**  
Visit [www.thegma.org.uk/learning](http://www.thegma.org.uk/learning)
- **Duration**  
One day (full)
- **Location**  
Venues across the UK
