

# Training

## Level 2 Effective Maintenance of Third Generation (3G) Pitches

### Course description

The key subjects – effective maintenance, its need and process, surface condition, health and safety to users, plus more – are studied through a progressive one-day IOG Learning course. Delivered by industry experts, the IOG, keep your skills up-to-date and maintain your 3G pitch with the latest, best practices. You'll also receive a Certificate of Attendance. (Lunch provided)

### Some of the subjects covered on this course

- ✓ The need for effective maintenance practices
- ✓ Effective best practice for 3G surfaces
- ✓ Requirements of an annual maintenance programme
- ✓ Safe and effective use: the user and equipment
- ✓ Health and safety hazards: identification and controls
- ✓ The need for routine testing of pitch performance
- ✓ New developments for 3G surfaces

### Is this training day suitable for me?

This training course is ideal for the volunteer, employee professional development, or just as a refresher for the established employee. The learning route will support and develop skills for those who maintain or are to soon gain a 3G surface. Keep your skills up to date with the latest best practices, and explore the requirements you need to meet in order to optimise your surface's longevity.

### What can I do after this course?

Undertake the Level 2 Certificate in Turf Surface Maintenance, the Level 3 IOG Technical Diploma in Turf Surface Management. Or, Level 3 IOG Supervisory Management – a provider of formal qualifications in different aspects of turf management.
